

# Goals

## Orchard Ridge United Church of Christ

### FACILITY TEAM GOALS:

- a) Make better use of our building and grounds to meet our mission and program goals.
- b) Assure that building operational systems such as heating, electrical, and plumbing meet building needs and are efficient in cost and energy use.
- c) Accommodate current and new program and administrative space needs.
- d) Become a "green church" including, but not limited to, a reduced carbon footprint.

**Working with the Next Generation report, the FIT refined these into several themes which relate specifically to how our building fits our desired programs.**

- a) Make the church warmer and more inviting, on Sunday and during the week.
- b) Create spaces that accommodate our music and arts programs
- c) Improve and increase educational space
- d) Include space for quiet contemplation
- e) Improve bathrooms for full accessibility and addition of showers.
- f) Enhance worship hall for improved sightlines and additional music space
